Accepted on: September, 15, 2019

Introduction:

Bibliography derived from Greek words 'biblion' meaning 'book' and 'graphia' refers 'writing'. This is a discipline which is traditionally the academic study of books as physical, cultural objects. Carter and Barker (2010) described bibliography as a twofold scholarly discipline viz. the organized listing of books (enumerative bibliography) and the systematic description of books as objects (descriptive bibliography). The main purpose of bibliographical studies is to record systemically the work done around the world on a particular subject with full citation like authors name, affiliation, title of the paper, year of work done and the name of the journal where the work was published.

Purpose:

Bibliographical studies is a systematic documentation of research work done and is an authenticated source of information approved by all kind of communication and library science. The main purpose is to provide complete information in the form of list on a particular subject so that researchers / scientists may have up-to-date information before planning their new research programmes. By that way, bibliography is an important subject and directly connected with scientific activities.

Bibliography on *Bougainvillea*:

Considering the growing importance of *Bougainvillea* as garden plant and its popularity in nursery trade as plants of landscape gardening, high end research on new variety development, characterization (morphological, molecular) and new landscape usage is underway in entire southeast Asian countries. Therefore, a study on current work done and its documentation as bibliography is an important scientific and academic exercise which will be very helpful to the *Bougainvillea* researchers of the world.

Alphabetic Bibliography:

A

- Alfieri, S.A. 1970. *Bougainvillea*, a new disease caused by *Phytophthora parasitica*. *Phytopathology*, 60:1806-1808.
- Anonymous. 1854. *Bougainvillea spectabilis*. *Curtis's bot. Mag.* 4810.
- Anonymous. 1860. *Bougainvillea spectabilis*. *Gardeners' Chronica*, 19: 431.
- Anonymous. 1894a. *Bougainvillea glabra* var. 'Sanderiana'. *Proceeding of Royal Horticultural Society*. 17:8.
- Anonymous. 1894b. *Bougainvillea glabra* var. 'Penang'. *Proceeding of Royal Horticultural Society*. 17:84.
- Anonymous. 1900. *Bougainvillea spectabilis* var. 'Maud Chettleburgh'. *Proceeding of Royal Horticultural Society*. 25: 83.
- Anonymous. 1904. *Bougainvillea spectabilis* var. 'Canellii'. *Gardeners' Chronica*, 36:383.
- Anonymous. 1910. 'Rosa Catalina'. *Proceedings of Royal Horticultural Society*, 35: 59.
