### **Protection of Plant Varieties and Farmers' Rights Authority, India:**

NASC, Complex, DPS Marg, Opp. - Todapur, New Delhi - 110 012, INDIA.

In order to provide for the establishment of an effective system for protection of plant varieties, the rights of farmers and plant breeders and to encourage the development of new varieties of plants, it has been considered necessary to recognize and protect the rights of the farmers and plant breeders.

Such protection is likely to facilitate the growth of the seed industry which will ensure the availability of high quality seeds and planting material to the farmers. India having ratified the Agreement on Trade Related Aspects of the Intellectual Property Rights has to make provision for giving effect to Agreement. To give effect to the aforesaid objectives the Protection of Plant Varieties and Farmers' Rights Act, 2001 has been enacted in India. For the purposes of this Act, Protection of Plant Varieties and Farmers' Rights Authority has been established.

Among the various ornamental and floricultural crops, new varieties of Bougainvillea can be registered with the Authority. Online application can be made. One has to follow some laid down rules and procedures before submission of application and pass through a definite test procedure. A certificate is issued by the Authority on completion of the procedure of registration.
